His Highness the maharaja of Mysore,

Sir,

I have the honor to state that the third class Traveller's Bangalow at Yeraballi in the Hiriyur Taluk has since been abolished and the care-taker removed from service. The sweper of the Musafarkhana at Yeraballi in Hiriyur Taluk, who is at present getting a monthly pay of Rs 4/- will have to look after both the buildings. The pay is considered too small and inadequate to secure the services of any men for the post. The District Board has accordingly resolved to increase the pay from Rs 4/- to Rs 6/- per mensem.(Vide enclosed copy of the resolution) I accordingly recommend that the proposal of the District Board, may kindly be sanctioned.

The excess over the budget provision will be found by needful re-appropriation of Funds from the existing grant in the current year's Budget.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner and
President District Board,
Chitaldrug District.

Sir,

Adverting to your letter No. 7019 L.B. 12-19-16 dated 18th December 1919 re- the proposal of the District Board to raise the pay from Rs 4 to Rs 6/ of the sweeper attached to the musafirkhana at Yerabally in the Hiriyur Taluk I have the honour to state that the 3rd class Traveller's Bungalow building at yerabally is under the control of the District Board but it is not put to any use at present. A recommendation has already been made to the Chief Secretary to Government, in this Office No. 1232 dated 4th June 1919 to retain this Traveller's Bunallow with the old establishment in the interest of the travelling public. Till final orders of Government are obtained in the matter or the building is otherwise disposed of, it is very necessary that there should be some one on the spot to guard the building against damages by white ants, stray cattle, and incendiarism etc, But as the caretaker of the Traveller's Bungallow was removed from service and his post abolished when the Traveller's Bungallow was closed, the sweeper attached to the musarfirkhana alone is entrusted with supervision over the Building. Apart from the consideration of the additional work thrown on the sweeper
